SWEET HOME

Children's Village, India
(A Home for Every Homeless Child)

Dear Friends,

On behalf of Sweet Home Children's Village; I would like to express my gratitude on your participation in developing a homely atmosphere for these beautiful kids. Around the world millions of children are found homeless, sleeping in the streets, under bridges, or on deserted properties. Homeless and underprivileged children face an intense struggle for their survival because of the fact that society turns its face away from the problem. "Sweet Home Children's Village" was established in 1996, with a vision to support, bring up and educate homeless children and make them self reliant. Currently there are around 90 children at "Sweet Home Children's Village" and the number is expected to increase with time.

Sh. Avinash Jain
Haryana Ratna

Sweet Home Children's Village is also engaged in the numinous task of rehabilitation of the missing kids. In this journey, with the help of just minor clues, we have achieved success in locating the families of 9 children. There are 10 more such children aspiring for their bright future and our collective help can make their dreams come true. We are also searching for their families. This is our "Dream Project" and these efforts would help us in providing the path towards a brighter future of these little angels. The well being of these kids' is our responsibility. The society has to join their hands together to nurture and protect the children who are left in the streets and also the ones belonging to poor and ruined families.

Children are our most valuable natural resource, help us to nurture their future & contribute towards nation's development.

We should realize our responsibility towards the missing children and should work together for their welfare. I thank you for contributing in our success & for extending a helping hand to the young ones we serve.

Best Wishes

Avinash Jain
Founder President
Sweet Home Children's Village

ORGANIZATION

"There are no 7 wonders in the eyes of a needy child, there are 7 million". Sweet Home Children's Village works on this belief. Sweet Home has grown to become a caring home to more than 80 children, at the same time looking after the education & development of over 600 children.

A missing child is the parent's worst nightmare. Every day thousands of children are reported missing, many are never even found. "SWEET HOME" Children's Village is an effort to safeguard the future of these beautiful children. The organization is engaged in the numinous tasks of rehabilitation of missing children.

Located in Najafgarh, Sweet Home was founded & established in 1996 under the great supervision of the dynamic business tycoon Mr. Avinash Jain (Managing Director - Arise India Ltd., founder of Sweet Home). Thousands of cases of missing children are reported in a state but many of them remain untraced because of lack of effective strategies to trace & tackle the problem. The guiding force behind this project is the strong objective of reuniting the missing children with their families. We must realize our responsibility towards the innocent creation of God & should work together for their betterment.
